WEDDING OFFICIANT APPLICATION
0715

A marriage is a relationship between two persons that is given special recognition by the community. It has a legal sanction that is made possible by 1) the mutual consent and commitment of the couple, 2) the license; which completed and registered validates the contract before the law of the land, 3) a duly qualified officiator to ensure that the contract is truly made: under Missouri law, the officiator may be a member of the clergy in good standing with a religious body and a U.S. citizen, or a judge, or a religious institution of which one of the couple is a member and 4) two witnesses, who sign the license along with the officiator.
